

Open Gym Kids Play!

What is Kids Play?

Kids Play is a chance for Mom or Dad to get out of the house with your little one and play! Everyone gets Cabin Fever and now Eich's has opened up there 9500 square foot gym for Parents (or Grandparents) to play! We have tumbling mats and all sorts of balls and activities to play and explore with! We play kid music with lots of energy!

The gym is divided in half... one side for the infants and toddlers, and the other side for the "Big Kids" to play and be a kid! *Kids Play* is great for kids to learn Social Skills and allow parents to talk to other parents in the same boat and meet new friends! So get out of the house and PLAY!

No registration is needed!
